--

7.2. Confidentiality – data treatment

<ul style="list-style-type: none"> • Confidentiality guidelines. • Written undertakings by an employee of Geostat on ensuring confidentiality of gained/collected data as a result of official duties.
--

8. Release policy

8.1. Release calendar

Data dissemination dates are defined according to the Advance release calendar, which is available on the website of Geostat and publicly accessible.

8.2. Release calendar access

https://www.geostat.ge/en/calendar

8.3. User access

All users have the equal access to the statistical data simultaneously.

9. Frequency of dissemination

Annual.

10. Accessibility and clarity

10.1. News release

The news release is published on the Geostat website: https://www.geostat.ge/en/single-news/1635/main-indicators-of-health-care-2018
10.2. Publications
Published in Statistical Yearbook: https://www.geostat.ge/en/single-categories/95/statistical-yearbook and „Woman and Man in Georgia“: https://www.geostat.ge/en/single-categories/115/gender-statistics
10.3. On-line database
The data is available on the Geostat website and the Gender Statistics Portal in the PC-Axis database: http://pc-axis.geostat.ge/PXWeb/pxweb/en/Database/ http://gender.geostat.ge/gender/index.php?action=Health%20Care
10.4. Micro-data access
-
10.5. Other
-
10.6. Documentation on methodology
-
10.7. Quality documentation
-
11. Quality management
11.1. Quality assurance
To ensure the quality of the statistical processes and products Geostat follows Article 4 – Basic principles of official statistics – of the Law of Georgia on Official Statistics, as well as the European Statistics Code of Practice, the UN Fundamental Principles of Official Statistics and Quality Assurance Framework of the European Statistical System (QAF).

These documents ensure the standardization of statistical processes and products and the establishment of a unified quality assurance system.
12. Relevance
12.1. User needs
The main stakeholders of the data are: central and local governmental institutions, scientific institutions, students, international organizations, NGOs, media, citizens. It is mainly used to cover the health of the population for papers, topics, analysis, presentations and other purposes in the country.
12.2. User satisfaction
In October 2019, user satisfaction survey was conducted, the target of the survey was to analyze the assessment of quality of statistical data by users and explore ways to improve user services. The survey report is available on the website of Geostat (in Georgian): https://www.geostat.ge/ka/single-news/1746/statistikuri-informatsiis-momkhmarebelta-kmaqofilebis-gamokvleva-2019-tseli
12.3. Completeness
Data corresponds to standards.
13. Accuracy and reliability
13.1. Overall accuracy
-
13.2. Sampling error
-

13.3. Non-sampling error
-
14. Timeliness and punctuality
14.1. Timeliness
The data are published in July of the following reporting year.
14.2. Punctuality
Data are disseminated in accordance to calendar of statistical works and there are no outstanding cases has been detected.
15. Coherence and comparability
15.1. Comparability – geographical
The data are comparable to all regions of the country.
15.2. Comparability – over time
The data are comparable.
15.3. Coherence – cross domain
-
15.4. Coherence – internal
-
16. Cost and burden
The data are processed based on administrative sources and does not require additional costs.
17. Data revision
17.1. Data revision – policy
Statistical Data Revision Policy document available at the Geostat website: https://www.geostat.ge/media/20610/20.Revision-policy_Geostat_20-July_final.pdf
17.2. Data revision – practice
The statistical data are not revised. Unplanned revisions (for data specification) were not carried out in practice.
18. Statistical processing
18.1. Source data
Geostat receives the main health indicators from LEPL Levan Sakvarelidze National Center for Disease Control and Public Health.
18.2. Frequency of data collection
Annual.
18.3. Data collection
-
18.4. Data validation
-
18.5. Data compilation
-
18.6. Adjustment
-
19. Comment
-
