SURVEY RESULTS OF NON-PROFIT INSTITUTIONS

2021

03.10.2022

MAIN INDICATORS OF NON-PROFIT INSTITUTIONS

2021

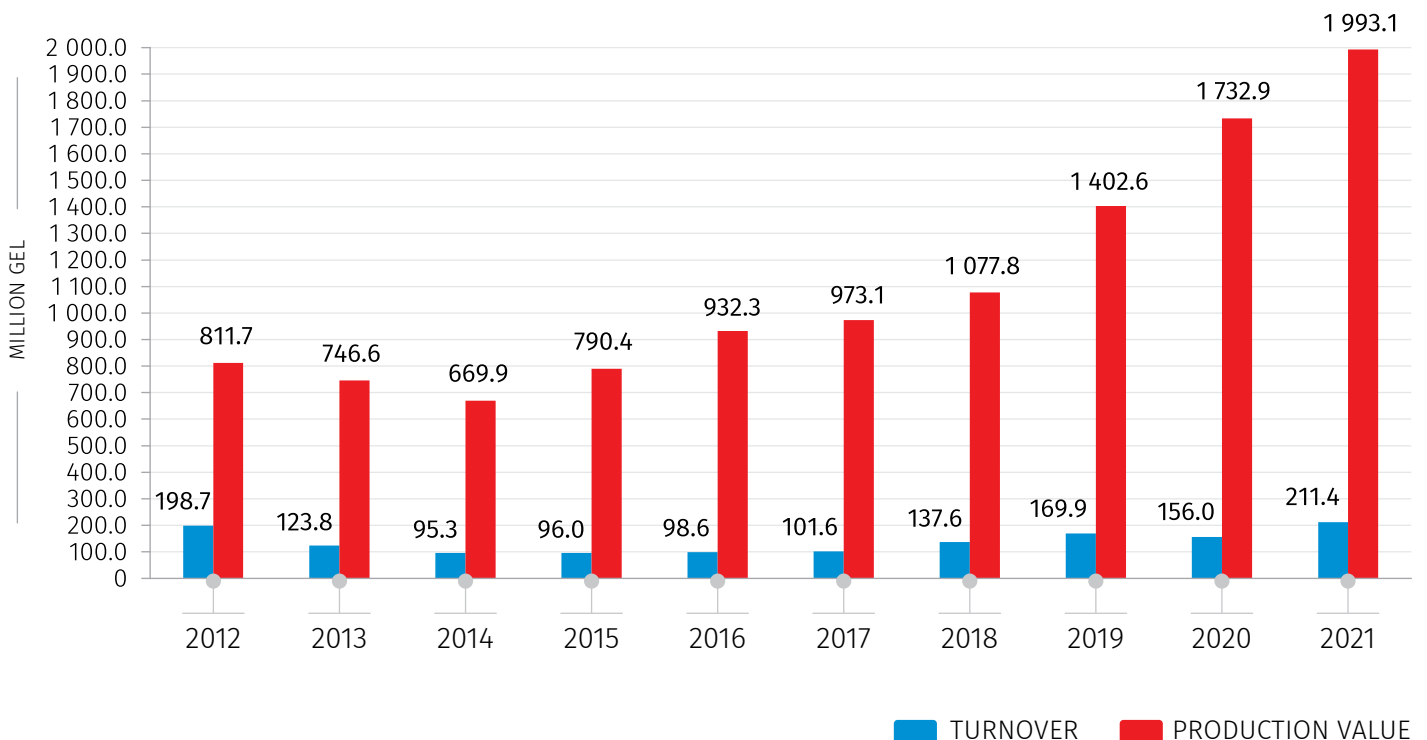

(COMPARISONS ARE MADE BY ACTUAL PRICES)

The Non-profit institutions are legal entities or organizations which produce goods and services and are not focused to receive financial profit. The main part of goods and services produced by Non-profit institutions are distributed free of charge or in not significant prices. The mentioned organizations mostly are on self-financing or membership fees. The financial and non-financial assets can be considered as income of Non-profit institutions. They are encouraged to make an additional economic activity.

By the declared data of 2021 the turnover from auxiliary activities of Non-profit institutions has been amounted 211.4 mil. Georgian Lari, Which 35.5 percent higher compared to previous year:

CHART №1
