## CONSTRUCTION COST INDEX IN GEORGIA

SEPTEMBER 2022

In September 2022 the Construction Cost Index (CCI) decreased by 0.7 percent **compared to the previous month**. The change was mainly due to a 2.6 percent decrease in the prices for the category of transportation, fuel and electricity, which contributed -0.38 percentage points to the total index change.

**Compared to February 2022** the CCI increased by 6.9 percent. The latter was largely caused by the 4.1 percent increase in the prices for construction materials, which contributed 2.35 percentage points to the total index change.

The following table presents the CCI in September 2022, compared to the previous month and February 2022, as well as the contributions of cost categories to the total index.
