# **SURVEY RESULTS OF NON-PROFIT INSTITUTIONS**

## **2022**

03.10.2023

MAIN INDICATORS OF NON-PROFIT INSTITUTIONS

2022

(COMPARISONS ARE MADE BY ACTUAL PRICES)

The Non-profit institutions are legal entities or organizations which produce goods and services and are not focused to receive financial profit. The main part of goods and services produced by Non-profit institutions are distributed free of charge or in not significant prices. The mentioned organizations mostly are on self-financing or membership fees. The financial and non-financial assets can be considered as income of Non-profit institutions. They are encouraged to make an additional economic activity.

By the declared data of 2022 the turnover from auxiliary activities of Non-profit institutions has been amounted 259.6 mil. Georgian Lari, Which 22.8 percent higher compared to previous year:

CHART №1
