### INFORMATION NOTE

Calculation of the quarterly Gross Domestic Product is based on a monthly and quarterly data. The data of annual surveys usually differ from the quarterly data. Therefore, arises necessity of adjusting the quarterly GDP taking into account annual survey results.

After receiving the annual survey results for the previous year, four quarters of the previous year are adjusted along with the first and the second quarters of the current year. Final revision of 2025 quarters data will be conducted in November 2026, after receiving the data of annual surveys for 2025 year.
